RAIN.-The first good, soaking rain which has fallen in these parts since the 27th of August, occurred yesterday. It was hailed as a blessing by everybody, especially by house-keepers in the city who have an aversion to dust, and by farmers who desire to sow wheat. It came just in the nick of time to satisfy the latter, who had began to mur-

THEATER. -The comedy of "Love and Charity," and the comic drama of "Handy Andy" will be produced to-night, Mr. and Mrs. Drew appearing in favorite parts. The engagement of these admirable performers hus thus far been highly successful; and is likely to improve to the end. It has called out large audiences, who have gone away delighted with the excellent acting of the new candidates for popular favor; and warm in their enconiums. Those who would spend an evening pleasantly and profitably, ought to be present to-night.

For the Daily Nashville Patriot. The Water Works-

To the Editors of the Patriot :- I see in your paper of yesterday a communication signed 'Capitol Hill," stating that for one, two and sometimes three days in every week, those who re side on Capitol Hill are deprived of water "through the bad management of the Water Works."

Now, in reply to "Capitol Hill," I will merely state that I am not at all surprised that citizens in that locality are frequently without water, owing to the incapacity of our pipes to keep up a sufficient supply. The city is at this time supplied from one Reservoir only, as the other is now being rebuilt, on a larger scale. We are at present supplied by one 6 inch pipe only, and as every part of the city has to be supplied from that one pipe, it is not wonderful that the high points are frequently without water. The fact has been frequently reported to the Board by the Superintendant of the Water

Had "Capitol Hill" called on me, I would have taken pleasure in giving him any explanation, of the cause of the deficiency, in my power. I trust, Messrs. Editors, that you will bear me out when I say that for two years (and, indeed, as far back as 1852) I urged upon the Board the necessity of bringing a larger supply of water to the city. The improvement in the Water Works, which is now going on, is designed to remedy the evil, and is progressing as fast as possible. I am not conscious of any mismanagement in my department of the Water Works. Yours, respectfully, JOHN M. SEABURY.
